3.1 **COMPLIANCE WITH ORS 279A-C:** This Contract shall be governed by the laws of the State of Oregon and the Amity Municipal Code and the statutes of the State of Oregon for public improvement contracts, specifically but not exclusively, Oregon Revised Statutes (ORS) Chapter 279A-C, as amended or superseded, including the latest additions and revisions, are incorporated by reference as part of the Contract Documents. The CONTRACTOR hereby covenants and agrees to comply with all of the obligations and conditions applicable to public contracts pursuant to ORS 279A-C, et seq, as though each obligation or condition were set forth fully herein. The CONTRACTOR further agrees to comply with the pertinent provisions of ORS 279C.520 and ORS 279C.540 and all the provisions required by ORS 279C.600 through ORS 279C.870 relating to the payment of prevailing wage rates for Work performed under the Contract with the CITY, and shall promptly as due, make payment of all just debts and obligations incurred in the performance of this Contract, and shall not permit any lien or claim to be filed or prosecuted against the CITY. A condition or clause required by law to be in this Contract shall be considered included by the above references and those more fully referenced in the Standard Specifications.

3.2 **WORK TO BE PERFORMED:** The CONTRACTOR is an independent CONTRACTOR, and shall perform the Work required by this Contract as an independent CONTRACTOR as more fully set forth in Section 108.24 of the Standard Specifications. The CONTRACTOR shall provide all labor, Materials, supplies, Equipment, tools, and incidentals as may be necessary to construct and complete the Project in accordance with the provisions and within the terms and conditions of the Contract Documents and in accordance with such alterations or modifications of the same as may be made by the CITY, and according to such written directions as may from time to time be made or given by the Design Engineer under the authority and within the meaning and purpose of this Contract.

3.3 **CONTRACT TIME:** Time is of the essence in the CONTRACTOR’s performance of the Contract. It is essential and in the public interest that the CONTRACTOR prosecute the Work vigorously to Contract completion and within the Contract Time or adjusted Contract Time, as more fully set forth in Section 109.17 and Section 109.18 of the Standard Specifications. Work to be done under the Contract shall commence within ten (10) working days after the date of the Notice to Proceed, or such other date as may be fixed by the Notice to Proceed, and Work shall be continuous until fully completed and accepted by the CITY. The CONTRACTOR shall complete the Work and be ready for Final Payment in accordance with the provisions and within the terms and conditions of the Contract Documents and this Contract not later than **AUGUST 30th, 2024**.

3.4 **CONTRACT PRICE:** The CONTRACTOR agrees to complete the Work within the time specified above in Article 3.3 and to accept as full payment the amounts offered in accordance with the provisions and within the terms and conditions of the Contract Documents based on the CONTRACTOR’s Bid Proposal. Payment for all Work under the Contract will be made at the price or prices offered in the CONTRACTOR’s Bid Proposal, and those prices shall include full compensation for all incidental Work. In consideration of the faithful performance of all of the obligations herein set out, and in consideration of the faithful performance of this Contract, the CITY agrees to pay to the CONTRACTOR the amount earned, as determined from the actual quantities of Work performed and prices and other basis of payment specified, taking into consideration any amounts that may be deductible, in accordance with the provisions and within the terms and conditions of the Contract Documents and this Contract.
3.5 **PROGRESS PAYMENTS AND RETAINAGE:** Progress payments will be made by the CITY on a monthly basis for the amount of the approved estimate, less five percent (5%) retainage, as more fully set forth in Section 110.07 of the Standard Specifications. 3.7 **LIQUIDATED DAMAGES:** Delays in the CONTRACTOR’s performance of the Work will cause the CITY to sustain damages; increase risk to, inconvenience, and interfere with the traveling public and commerce; and increase costs to taxpayers among other things as more fully set forth in Section 109.23 of the Standard Specifications. Because the CITY finds it is unduly burdensome and difficult to demonstrate the exact dollar value of such damages, the CONTRACTOR agrees to pay to the CITY, not as a penalty but as liquidated damages, One Hundred & Fifty Dollars ($150) per Calendar Day for each Calendar Day the Work remains incomplete after the expiration of the Contract Time or adjusted Contract Time applicable to that Work in accordance with the provisions and within the terms and conditions of the Contract Documents and this Contract.

3.8 **LIABILITY AND INDEMNIFICATION:** In accordance with Section 108.11 of the Standard Specifications, the CONTRACTOR shall assume all responsibility for the Work and shall bear all losses and damages directly or indirectly resulting to the CONTRACTOR or to the CITY, on account of the character or performance of the Work, unforeseen difficulties, accidents, or any other cause whatsoever. The provisions of this Article 3.8 shall survive the expiration or early termination of this Contract. To the fullest extent permitted by law, and except to the extent otherwise void under ORS 30.140, the CONTRACTOR shall indemnify, defend (with counsel approved by the CITY) and hold harmless the CITY, the City Engineer, the Design Engineer, and their consultants and respective officers, directors, employees, partners, members, stockholders and affiliated companies (collectively “Indemnities”) from and against all liabilities, damages, losses, claims, expenses (including reasonable attorney fees), demands and actions of any nature whatsoever that arise out of, result from, or are related to the following:

- Any damage, injury, including death, loss, expense, inconvenience or delay described in this Article 3.8.
- Any accident or occurrence that happens or is alleged to have happened in or about the Project Site or any place where the Work is being performed, or in the vicinity of either, at any time prior to the time the Work is fully completed in all respects.
- Any failure of the CONTRACTOR to observe or perform any duty or obligation under the Contract Documents that is to be observed or performed by the CONTRACTOR, or any breach of any agreement, duty, obligation, responsibility, covenant, provision, requirement, representation or Warranty of the CONTRACTOR contained in the Contract Documents or in any Subcontract.
- The negligent acts or omissions of the CONTRACTOR, a Subcontractor or anyone directly or indirectly employed by them or any one of them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder.
- Any failure to comply with all applicable Laws by the CONTRACTOR or any Subcontractor, or anyone employed by any one of them, or anyone for whose acts they may be liable.
- Any lien filed upon the Project or Bond claim in connection with the Work.

Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Article 3.8. In claims against any person or Entity indemnified under this Article 3.8 by an employee of the CONTRACTOR, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Article 3.8 shall not be
limited by a limitation on amount or type of damages, compensation or benefits payable by or for the CONTRACTOR or a Subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts.

Notwithstanding the CONTRACTOR's foregoing defense obligations, neither the CONTRACTOR nor any attorney engaged by the CONTRACTOR shall defend any claim in the name of the CITY nor purport to act as legal representative of the CITY or any of its agencies, without the prior written consent of the City Attorney. The CITY may, at any time at its election, assume its own defense and settlement in the event that it determines that the CONTRACTOR is prohibited from defending the CITY, or that the CONTRACTOR is not adequately defending the CITY's interests, or that an important governmental principle is at issue or that it is in the best interests of the CITY to do so. The CITY reserves all rights to pursue any claims it may have against the CONTRACTOR.

The Contractor or first-tier Subcontractor is not obligated to pay an interest penalty if the only reason that the Contractor or first-tier Subcontractor did not make payment when payment was due is that the Contractor or first-tier Subcontractor did not receive payment from the City or the Contractor when payment was due. Daily/weekly/holiday/weekend overtime must be paid. If a contractor fails to pay for any labor or services, the City can pay for this labor or services and withhold these amounts from payments due the contractor. ORS 279C.520; OAR 839-025-0020(2)(b).

Oregon law requires that the higher of the state prevailing wage rates (PWR) or federal Davis-Bacon rates be paid to workers on projects subject to both the state PWR law and federal Davis-Bacon Act.

Only Oregon BOLI Prevailing Wage Rates apply to this project unless otherwise indicated in Section II of the Special Provisions.

Each year the Oregon Bureau of Labor and Industries (BOLI) publishes two rates publications (and amendments to both) that are available by calling 971-673-0839 or online at the BOLI website at: http://www.oregon.gov/boli/WHD/PWR/Pages/PWR-Rate-Publications---2018.aspx

As required in ORS 279C.845(7), the City will retain 25% of any amount earned by the Contractor on the Project until the Contractor has filed the certified statements required in ORS 279C.845. The Contractor shall verify Subcontractors have filed a public works bond before the Subcontractor begins Work.

The Statutory Public Works Bond form is available from BOLI upon request or may be downloaded from http://www.oregon.gov/BOLI/WHD/pages/index.aspx.

I-17. PROVISIONS CONCERNING CONTRACTOR’S LICENSE REQUIREMENTS (See ORS 701.021, ORS 701.026, ORS 671.530)

ORS 701.021, ORS 701.026, and ORS 671.530 require that Bidders have a current license with the Oregon Construction Contractors Board or for landscape contractors to have a current license with the Oregon Landscape Contractors Board prior to submission of a Bid on a Project not involving federal funds. Registration with the Oregon Construction Contractors Board or licensing by the Oregon Landscape Contractors Board is not a prerequisite to bidding on Federal-aid Projects; however, the City will not execute a Contract until the Contractor is so registered or licensed.
