

The Amity City Council established the Amity Day Committee to plan and carry out the City's first "Amity Day" type of event. Most of the other small cities in Yamhill County have an established summer time event and the City of Amity hopes to host one as well. If you'd like to volunteer, please contact Amity City Hall and we will take down your contact information. We hope to provide a great event for the Amity community and hope that you'll join the fun!
