

State Incentives

BUSINESS OREGON

Business Oregon's business development team focuses on proactive and substantive partnerships with the private sector, in partnership with local and regional economic development organizations. They are here to help business grow in Oregon.

For more information, you can visit their website at www.oregon4biz.com

ENERGY TAX CREDIT

The State Business Energy Tax Credit is an incentive for businesses to invest in energy conservation, recycling, renewable energy resources, and less-polluting transportation modes and fuels.

For more information, you can visit their website at www.oregon.gov.

STATE TAX CREDITS

The Oregon Department of Revenue can provide you with information regarding Corporate Tax Credits.

Please visit their website at www.oregon.gov for more information.

ENVIRONMENTAL TAX CREDIT

Oregon's Department of Environmental Quality can help Oregon business owners determine which of several Oregon tax credits they may be eligible for, such as pollution control tax credits and truck engine tax credits.
