

Economic Opportunities

Amity has a range of properties to meet your business needs.

Amity, a community located in Willamette Valley wine country, is experiencing accelerated growth as it increasingly develops as a hub for visiting local wineries and other nearby attractions. A lack of commercial services and increased demand, caused by an uptick in growth, is creating significant opportunities for retail, consumer, and business services. Other advantages in choosing Amity include shovel ready sites and newly renovated commercial spaces with highway frontage.
